FICTIONAL TEST CV - NOT A REAL APPLICANT

Maya Patel

maya.patel@example.com | United Kingdom
Investment Banking / IBD | Summer Internship

EDUCATION

University of Warwick | BSc Economics | September 2025 - June 2028

First-year average: 74%. Modules include Corporate Finance, Econometrics and Financial Accounting.

PROJECTS

North Quay Retail Valuation | Independent University Project | February - April 2026

Built a DCF and comparable-company model for a fictional retailer using a supplied case dataset.

Compared EV/EBITDA multiples across 6 case companies and tested a 7-9% discount-rate range.

Found that the case valuation was most sensitive to terminal growth; presented the sensitivity table and limitations to 4 classmates.

EXPERIENCE

Westfield Advisory Practice | Finance Work Experience | July 2026

Reconciled 140 invoice entries against the cash ledger in Excel and flagged 7 unmatched items for supervisor review.

Created a SUMIFS-based tracking sheet so the supervisor could review each exception and its supporting document.

ACTIVITIES

Economics Society | Treasurer | October 2025 - present

Managed a GBP 2,400 event budget and compared 3 venue quotes before recommending the lowest-cost suitable option.

Published a monthly budget update to the 5-person committee.

SKILLS

Excel: pivot tables, SUMIFS, scenario tables; PowerPoint; introductory Python.

Languages: English and Gujarati. Interests: company reporting and badminton.
