EXPERIENCE

Elmbridge Community Trust | Finance Volunteer | January - August 2026

Matched receipts to 85 expense claims and recorded missing evidence in an Excel checklist.

Flagged 9 claims with incomplete receipts to the finance coordinator rather than approving them independently.

Documented the coordinator-approved corrections and helped prepare a monthly expense summary.

PROJECTS

Working Capital Review | Group Accounting Project | February - May 2026

Calculated receivables, inventory and payables days from a case company annual report.

Prepared the receivables section and identified that slower collection explained part of the cash-flow movement.

Presented the finding with a limitation: the annual figures did not show monthly seasonality.
